

**FLOYD COUNTY
EMERGENCY MANAGEMENT AGENCY
ROOM B34 CITY COUNTY BUILDING
NEW ALBANY, INDIANA 47150
812-948-5454**

All Fire & Police Agencies,

The Mobile Command unit the Floyd County EMA operates is available to all agencies within Floyd County and by mutual Aid agreement to the surrounding Counties. The unit is outfitted with various types of communication equipment including the new State 800 system, satellite internet service etc. this unit was donated by the New Albany Floyd County School Corp. and it was equipped by funds from the Department of Homeland Security and Floyd County EMA. This unit can be used for various types of events which includes large public gatherings where communications with other agencies are needed, severe weather (shelter or command), on scene communications (Command to EOC or Dispatch), on scene rehab during fires or other emergencies, etc.

The command unit has ample storage for reference materials and other equipment used to operate as a command post or rehab. The unit has a small refrigerator and microwave oven to be used if needed.

The unit is stationed at the Lafayette Fire Department Sta. #2 on Atkins Road in Floyds Knobs. The unit is maintained by Floyd County EMA. **(The only thing that is required from the agencies for its use is that the unit be refueled by the requesting agency after its use).** This does not apply if the unit is called for and then cancelled in route.

Floyd County EMA also has an all terrain vehicle that can be used for off road operations such as wild land search and rescue, brush fires, and general off road transportation. This unit has its own trailer that can be pulled by the ATV and a winch. The usage requirements are the same as the mobile command unit. This unit is stationed at Lafayette Sta. #1 on Scottsville Road in Floyds Knobs.

Both units can be requested through the Floyd County Dispatch office at 948-5400.

For training on these units please call the EMA office at 948-5454 or 502-552-8323.

Terry Herthel, Director
Floyd County Emergency Management
